# LIQUEFIED PETROLEUM GAS (LPG) HOSE

| | |
|---|---|
| **Applications** | For discharge of high pressure or low temperature LPG at the filling stations, chemical plants, lorries and vessels. |
| **Tube** | LPG resistant synthetic rubber |
| **Reinforcement** | High tensile synthetic fabric |
| **Cover** | Weather, abrasion and LPG resistant synthetic rubber<br>Perforations in the outer cover are permitted |
| **Electrical resistance** | Not exceed 100 ohm/m |
| **Available flange** | ANSI, JIS, DIN |
| **Available types of fitting** | Built-in, Crimping and Band type |
| **Marking** | NCR |

**BS EN 1762 : 2003**

# PETROL PUMP HOSE

| | |
|---|---|
| **Applications** | For dispensing petrol. |
| **Tube** | Petrol resistant synthetic rubber |
| **Reinforcement** | High tensile synthetic textile filament yarn, with built-in conductive wire to provide electrical continuity |
| **Cover** | Petrol, ozone and weather resistant synthetic rubber |
| **Marking** | NCR PETROL PUMP HOSE ID MM |
