

**Applications** : For spraying solution of insecticides and fertilizers. Also suitable for transfer of air water and chemical solutions.

**Special Properties** : - Light weight and easy to handle  
 - Highly flexible and durable  
 - Good chemical resistance  
 - Good weather resistance

**Colour** : ● Blue or ● Yellow

**Surface** : Ribbed

**Operating Temperature** : -10 °C to +60 °C

**Safety Factor** : 3 : 1
